Notice of Public Workshop

Infrastructure Rehabilitation Grant Recommendations under the Safe Drinking Water, Clean Water, Watershed Protection and Flood Protection Bond Act (Proposition 13)

Purpose of the Workshop

This workshop is being held to brief interested members of the public on the funding review and selection processes for the FY 2002-03 Proposition 13 Infrastructure Rehabilitation Program. Attendance by applicants is not mandatory. A preliminary list of proposals recommended for funding will be provided at the meeting and will be available on our Web site at the address below.

The Infrastructure Rehabilitation feasibility and construction grant applications were made available in October 2002. Applications and supporting information were accepted for this first evaluation cycle through January 2003. DWR held public workshops through the summer and fall of 2002 to provide information on the Proposition 13 funding programs and applications.

This workshop will include an opportunity for the public to comment on the review and selection process, and the funding recommendations. We ask that comments be limited to about three minutes. Staff will provide the comments to DWR decision makers for consideration before final funding awards are made.

DWR will advise applicants of final selections by mid-June 2003.

For More Information

Visit the Division of Planning and Local Assistance Web site at www.water.ca.gov/grants-loans where you will be able to access a listing of the Infrastructure Rehabilitation feasibility study and construction applications showing those proposals that are recommended for funding. Please direct any questions related to this meeting to Linda Buchanan at (916) 651-9645.

If you need reasonable accommodations due to a disability, please contact Darlene Griffin at (916) 651-9601, TDD (916) 653-6934.
